INFORMATION DEPARTMENT

Karachi, the 1st July, 2015

ADVERTISMENT POLICY 2015

INTRODUCTION:

The Department of Information & Archives, Government of Sindh, Karachi had formulated an Advertisement Policy in the year 2000, which was duly approved by the Sindh Cabinet.

Afterwards, the Advertisement Policy 2000 was amended in the year 2003 by the Provincial Cabinet, according to which Sindh Government had approved the number of newspapers for Government advertisements to six (06) newspapers instead of four (04) newspapers.

The Policy was however, silent on the display advertisements and ads through Electronic Media, hence that issue was also addressed properly by soliciting necessary approval of Chief Executive of the Province i.e. Chief Minister, Sindh, in April 2011.

Subsequently, it was observed by the Department that there were some lacunas in Policy-2011, with regard to proper coverage of events of National importance and commemorating days of our National Heroes and Leaders. Besides, in the wake of 18th Constitutional Amendment resulting in, inter alia, the devolution of various Departments, Organizations/Institutions from the Federal Government, the scope of Advertisement Policy and the role of the Department has enhanced enormously with an emphasis on proper publicity of Government Policies, Development Initiatives/Achievements/Public Awareness Campaigns, including the Campaigns regarding National events / Heroes, etc. through Print & Electronic Media. Hence the need for amendments in Advertisement Policy-2011 has become imperative as the existing policy does not fully encompass all these aspects and cannot properly address

the vital issues with regard to increasingly enhanced role of Print & Electronic Media in the current scenario. The Policy has been made more effective, with the necessary approval from the Honorable Chief Minister Sindh.

Following is the full updated text of the approved Advertisement Policy (Amended-2015), retrospectively effective from Financial Year 2015-16, commencing from 1st July, 2015.
